

PET POLICY

Rental criteria: Animal policies vary from one owner to the next. Some will not allow any animals while others may allow dogs but not cats. Please contact the office to learn about the specific animal policy of the rental before applying.

Multi-family: We generally do not allow pets in multi-family because there are too many complaints of noise, odor or not cleaning up after them.

Dangerous breeds: Many insurance providers will not cover certain breeds of dogs because of the increased liability risk. For this reason, the following breeds (full or mixed) will not be allowed in any of our rentals: Pit Bull Terriers, Staffordshire Terriers, Rottweilers, German Shepherds, Presa Canarios, Chow Chows, Doberman Pinschers, Akitas, Wolf-hybrids, Mastiffs, Cane Corsos, Great Danes, Alaskan Malamutes, or Siberian Huskies.

Other restrictions: We do not permit ferrets or rodents of any kind. Aquariums must be 5 gallons or smaller.
